And What Have You

By BOB CRAIG

Sometime back we were giving our school people a hard time for not writing in a language we could all understand. But we find now that they are not the only ones. Our lawmakers are just as bad.

We do not know if the educators taught the lawmakers or if the school people learn from the lawmakers. But in either case the rest of us seem to be left out in the cold.

The following paragraph comes from Texas law and shows the failure of our lawmakers' ability to be able to write complete sentences and convey a simple thought:

"No employing unit shall cease to be an employer subject to this Act except as of the first day of January of any calendar year and only then if such employer files with the Commission within the period from January 1 through March 31 of such year, a written application for termination of coverage, and the Commission finds that there were not twenty (20) different days within the preceding calendar year, each day being in a different calendar week, during each of which days such employing unit employed one (1) or more individuals in employment subject to this Act and that said employer did not pay any wages in any quarter of the preceding year in the total amount of One Thousand Five Hundred Dollars (\$1,500) or more provided that, if the employing unit is an employer subject to this Act under subsection 19 (f) (3), the phrase "four (4) or more individuals" shall be substituted for the phrase one (1) or more individuals" in this subparagraph, and provided further, that this subsection has not applicability to an employer subject to this Act under subsection 19 (4) (6)."

This is a law that the employer must obey.

Surely somebody in the legislature can write it again, this time in simple English.

The Jim Walter Corporation, of which the Celotex Corp. is a subsidiary, is mailing a series of messages entitled "Where Are We Going" to their employees. Someone sent us a copy of the October issue and it seems worth sharing.

But like a lot of other things it is useless if you just read it and gripe. For it to be of any value you must take the advice in the final paragraph and write to your elected representatives.

HOW MUCH IS A BILLION?

One billion seconds ago World War II had just ended.

One billion minutes ago was a world forty years after the death of Christ.

One billion hours ago man had not set foot on the face of the earth.

United Way Drive Falling For Short

The Hamlin United Way campaign is winding down very slowly, according to Mrs. Roy Pritchard, general fund drive chairman. "We have only 69 percent of the goal, which means that only pledges for \$9,666.84 have been turned in up to date," she said.

Chairmen and workers are urged to complete their solicitations and turn in their pledge cards. "We are behind on our schedule for finishing the campaign," she said.

Each worker has been asked to complete their work no later than Tuesday, Nov. 15.

Voters Reject Two Of 7 Amendments

Texas voters approved five amendments to the state's constitution and rejected two more in Tuesday's voting. Voters turned down the amendments that would allow electronic banking and formation of marketing associations.

Jones County voters joined with the rest of the state in rejecting these two amendments and approving the other five while Stonewall voters only approved two of the amendments and rejected the other five. They gave approval only to Prop. 2, Veterans Land Bonds; and

Prop. 3, Bail Bond.

In incomplete returns, Jones County results were: (1) Crim. Appl., 241-155; (2) Vet Land, 224-170; (3) Bail, 325-74; (4) Prop. Tax, 204-192; (5) Mark. Assn. 178-197; (6) Elect. Banking, 135-260; (7) Judicial Com. 246-133.

In Stonewall County the results were: (1) Crim. Appl. 48-50; (2) Vet Land, 49-47; (3) Bail, 67-30; (4) Prop. Tax, 33-63; (5) Mark. Assn. 42-50; (6) Elect. Banking 16-81; (7) Judicial Com. 38-56.

Only a light turnout of voters was reported across the state.

Walter Grubbs May Seek District Seat

Walter Grubbs, district manager for Congressman Omar Burleson the past 12 years, and assistant to Congressman George Mahon for nearly eight years prior to that, made the following statement this week.

"I am seriously considering becoming a candidate for the 61st district seat in the Texas legislature in the Democratic Primary next May. My final decision will come a little later, contingent upon the decision of the incumbent, Representative Elmer Martin of Colorado City."

"As you know, Congressman Burleson has announced his retirement at the end of 1978 and this has prompted me to think perhaps I could be of service in a little different way to the people of Mitchell, Nolan, Fisher, Jones and Taylor counties, where I have lived all of my life except for the eight years I lived in Washington, D. C."

JC Carnival Opens

The Hamlin Jaycees will sponsor their annual Carnival here this weekend at the Jaycee Community Building. The carnival will open today (Thursday) and run through Saturday, weather permitting.

Rotary Club To Feed Here Friday Night

The Hamlin Rotary Club will host its annual Spaghetti Supper here Friday night before the Hamlin-Rotan football game. The supper will be served in the high school cafeteria from 5 to 7 p.m.

Tickets are \$2.00 and are available from any member of the Rotary Club or will be available at the door.

Hamlin Wins District In Volleyball

The Hamlin High School varsity volleyball team won the District 7-A title in the playoffs at Knox City last Thursday. They defeated Aspermont in the first round and defeated Knox City in the finals.

They will play the bi-district game against Hawley in the Anson High School Gym, Monday, Nov. 14 beginning at 7 p.m.

Team members are Starlet Covington, Liz Hooper, Stacy Bell, Donna Bell, Sharla Turner and May Ruth Brown. Coach for the team is Betty Davis.

School Holidays Are Announced

November school holidays have been announced by Hamlin School Superintendent Bob Hawes. Students will be dismissed on Friday, Nov. 18, for Teacher In-service and again the following Thursday and Friday for Thanksgiving.

School will be dismissed at 2 p.m. on Wednesday, Nov. 23, for Thanksgiving. Classes will resume at the regular time on Monday, Nov. 28.

National Honor Society Inducts New Members

The National Honor Society of Hamlin High School presented a surprise assembly last Wednesday in the new school auditorium for the induction ceremony of new members for 1977-78.

Linda Marcom, president of NHS, gave the welcome. Entertainment was provided by Wayne Wheat, who sang, "Why Me Lord" accompanied by Linda Marcom on the piano.

Jamie Crowley, Mike Hymer, Julie Jeffrey, Leea Phariss and Wayne Wheat reviewed scholarship, leadership, character and service, the qualities a NHS member should possess.

Dr. James E. Harrison, a local Dentist, was guest speaker and spoke on goals in life.

Eight new members inducted were Lynn Davis, son of Mr. and Mrs. Bill Davis; Olivia Marshall, daughter of Mr. and Mrs. John C. Marshall Jr.; Mark Carter, son of Mr. and Mrs. Milton Carter; Irma Gonzalez, daughter of Mr. and Mrs. Lionel Gonzalez; Stephanie Hymer, daughter of Dr. and Mrs. Joe Don Hymer; Jamie Jones, daughter of Rev. and Mrs. Howard Jones; Randall Lewis, son of Mr. and Mrs. Jack Lewis; and Linda White, daughter of Mr. and Mrs. C. L. White.

SWEETHEARTS TO BE PRESENTED—The Rotan football game halftime will feature the annual crowning of the band and football sweethearts. Sweetheart nominees are: left to right, Jamie Crowley, Elizabeth Hooper, Julie Jeffrey, Leea Phariss and Linda Marcom. Senior band students will also be recognized. (Photo by Tim Jones)

ASPERMONT AT MUNDAY—

Pipers to Host Rotan In Season Final Friday

The Hamlin Pipers will host the Rotan Yellowhammers here Friday evening at 7:30 in the final game of the season for both teams. The Yellowhammers are 4-5 on the season while the Pipers are 1-8.

The Aspermont Hornets will travel to Munday for their final game of the season. In other District 7-A action, Crowell will be

playing at Haskell with the district title on the line and Paducah will play at Knox City.

The Haskell Indians are undefeated in district play and a win Friday over Crowell will put them into the playoffs. A Crowell win would make the two teams co-champions with Crowell advancing into the playoffs.

In district action last week:

Hamlin lost to Crowell, 18-6; Aspermont lost to Rotan, 22-7; Haskell defeated Knox City, 56-0; and Paducah knocked off Munday, 25-14.

The probable starting lineup for the Rotan Yellowhammers Friday night will be either Davis Posey, 170-pound junior, or Byron Weathersbee, 160-pound freshman, at quarterback; Mark Nowlin, 145-pound sophomore, and Todd Goodwin, 150-pound junior at the running backs. The flanker will be Jacinto Reyes, 130-pound junior.

In the line it will be Mark Henderson, 170-pound junior, and Donny Mullins, 155-pound senior, at the ends; Eli Sepeda, 172-pound sophomore, and Ray Weathersbee, 180-pound senior, at the tackles; Terry Daniel, 162-senior, and Robert Posey, 170-pound junior, at the guards; and Brian Goodwin, 160-pound senior, at center.

Miss Christy Carlton of near Snyder visited with her great-grandparents, Mr. and Mrs. Norman Carlton from Sunday until Wednesday last week.

McGough Named Stonewall Judge

Aspermont—Jack McGough, a Stonewall County native, was appointed Tuesday as county judge replacing the late Bill Gholson.

Gholson was killed recently in a car wreck. McGough was appointed at the Stonewall County commissioners meeting Tuesday morning and was sworn in Tuesday afternoon. He will serve until the general election next November.

McGough, 64, is a retired grocer and a semi-retired rancher. He owned a grocery store in Peacock several years and opened Jack's Market and Frozen Locker in Aspermont in 1945.

McGough and his wife, Rena, have three sons, Boccielee of Edwards AFB, California; Billy Jack of Baltimore; and Bob, with the Air Force in Tokyo.

McGough is a member of the Baptist church and the Odd Fellows Lodge.

INDUCTION CEREMONY—The National Honor Society of Hamlin High School held an induction ceremony last Wednesday for new members in the Public School auditorium. New member inducted are pictured here on the front row, they are left to right, Randall Lewis, Stephanie Hymer, Olivia Marshall,

Jamie Jones, Irma Gonzalez, Mark Carter, Linda White and Lynn Davis. Members taking part in the ceremony were, back row, left to right, Jamie Crowley, Leea Phariss, Julie Jeffrey, Wayne Wheat, Linda Marcom, president; and Mike Hymer. (Photo by Tim Jones)

SHEILA AND MICHAEL
... sets wedding date

Shelia Higgs, Michael Herd Plan Wedding

Mr. and Mrs. J. R. Higgs of Plainview announce the engagement and approaching marriage of their daughter, Sheila Gail, to Michael Jack Herd, son of Mr. and Mrs. Arnold Herd of Hamlin.

The bride-elect is a 1977 graduate of Cotton Center and is employed at Heritage Home in Plainview.

The prospective bridegroom is a 1973 graduate of Hamlin High School and is employed on the police force at Hale Center.

The wedding will be Nov. 19 at First Baptist Church in Hale Center at 6 p.m.

Fall Carpet colors are softer, muted—and natural, says Glenda Moore, housing and home furnishings specialist, the Texas Agricultural Extension Service, The Texas A&M University System.

Pat Ward Gives Program for Beta Theta

Beta Theta Chapter of Beta Sigma Phi met Nov. 2 in the home of Mrs. Randy Brown. Pat Ward of Aspermont presented the program. She explained how to make various Christmas decorations.

The announcement was also made that Beta Theta's float had won first prize in beauty and first prize in theme in the Homecoming parade.

Mrs. Charlie Sellers was surprised with a baby shower after the business meeting. Cake and punch were served to members.

Members attending were Mmes. Rodger Bell, Jim Bonds, Mike Byerly, Steve Carriker, John Ferguson Jr., Joe Ford, Sally Hastings, Sam Mack Hodges, Joe Don Hymer, Johnny Jeffrey, Parker Kelley, John Poe, Ken Prewitt, John Richey, O. H. Weaver Jr., Pat Willoughby and Weldon Griggs, sponsor.

Mrs. Stafford Gives Program For Salad Supper

Hostesses for the Church of Christ monthly salad supper Tuesday night in Fellowship Hall were Mmes. Lloyd Burkhardt, L. V. Miller and G. O. Selph.

Mrs. R. L. Stafford gave the program on "Biblical Foods."

The next salad supper will be Dec. 13. Twenty four ladies attended.

MR. AND MRS. RANDY TRAMMELL
... exchange vows in Abernathy

Pittman-Trammell Vows Read Sunday

Aspermont—Miss Sharon Pittman became the bride of Randy Trammell in a double ring ceremony Sunday afternoon at 3 in Northside Baptist Church in Abernathy. The Rev. John Tubbs officiated.

Parents of the couple are Mr. and Mrs. Clyde Pittman of Abernathy and Mr. and Mrs. Clyde Trammell of Aspermont.

Pianist was Mrs. Gene Cannon of Corpus Christi and vocalist was Mitchell Kidd of Bryan.

The bride was given in marriage by her father. Her gown was fashioned of poliphur organza, styled with a fitted bodice adorned with a Venise Lace trimmed ruffled neckline, revealing a double "V" shaped overlay of lace on the yoke meeting the "V" shaped empire styled waist and "A" line skirt. The full length sleeves were belled at the wrist, a wateau train fell full to the back to form a chapel length. Her veil was of silk illusion edged in Venise flowerettes and held in place with an all-over Venise lace Juliet style caplet. She carried a bouquet of white miniature carnations and baby's breath.

Mrs. Randy Wright of Lubbock was matron of honor and Mitchell Kidd was best man. Flower girl was Miss Toni Edwards of Denison and ring bearer was Chad Trammell of Aspermont. Rickey and Britt Trammell of Aspermont served as candlelighters and ushers. A reception followed in the Fellowship Hall. Serving at the bride's table were Mrs. Larry Bowen of Lubbock and Miss Cathy Williams of Abernathy. Mrs. Stanley Trammell of Aspermont served at the groom's table. Miss Barbara Williams of Colorado City registered guests.

A rehearsal dinner hosted by the groom's parents was held at Graham's Restaurant in Abernathy Saturday night.

After a wedding trip to Hawaii, the couple will make their home in Lubbock where the bride is employed by American State Bank and the groom is employed by Sutherland Lumber Company.

Family Living Subcommittee Sets Program

"Come with us down Christmas Street, a thoroughfare of thoroughly delightful shops stocked with the memories and old-fashion charm of yesterday," says Nacy Wilburn, Jones County Extension Agent.

The Christmas shop is being sponsored by the Jones County Family Living Subcommittee with guest speaker Kathrina Cawley of Lone Star Gas.

The program is being planned for the next three Mondays with the session in Hamlin set for Monday, Nov. 21, from 12:15 until 12:45 in the Jaycee Community Building.

TEL Class Meets Thursday for Monthly Meal

Aspermont—The TEL Sunday School Class of the First Baptist Church met in the Fellowship Hall last Thursday for their monthly luncheon.

Mrs. Vernon Jones, gave the opening prayer. Mrs. Bill Dunwoody, gave the devotional on "Christ in You."

Hostesses were Mrs. Charlie Bryson, Mrs. Bill Dunwoody and Mrs. Brooks Ellison.

Members present were, Mmes. George Kenady Sr., Pete Shadle, H. H. Shadle, Mark Luttrall, E. V. Smith, J. L. Chenault, Jack Clark, Zona Galloway, B. A. Cumbe Sr., W. E. Driver and Lee Vaughn. Visitors were, Mmes. Roy Gardner, Collie Gilley, Roy Allen and Lois Trammell.

When young people suspect parental disinterest, they turn to peers or other adults for appreciation, says Dorothy Taylor, family life education specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

Abilene Artist Sets Demonstration Here Saturday

Bernice Landrum, a well known artist from Abilene, will give a demonstration Saturday from 9 a.m. to 4 p.m. The demonstration will be held at Art Studio and Gallery and is sponsored by the Hamlin Art Club.

All club members may attend at no charge, and non-members may also attend by paying a \$4.00 fee. Those attending are urged to bring their paints.

The regular club meeting will be held Monday, Nov. 14, with paint session starting at 9:30 a.m. and the business meeting at 11 a.m.

Some of the paintings hung in the Gallery for Homecoming are still there. Those interested in seeing them are still welcome to go by the studio.

L.C. Bonds Host Cook-out For XI Gamma Pi

Mr. and Mrs. L. C. Bonds were hosts for a steak cook-out at their home Saturday, Nov. 5 for members and their husbands of Xi Gamma Pi.

Steak, baked potatoes, salad, relishes, rolls, candy and iced tea were served.

Those attending were: Messrs and Mmes. Tim Jones, Jack Willingham, John Bryant, C. Weldon Griggs, W. T. Johnson, Jerry Waggoner, Bob McKissack, Arlie Cassie, Cliff Reynolds, Cecil Sellers, and Dr. and Mrs. James Harrison, Dr. and Mrs. M. L. Smith, Mrs. Howard Mehaffey and Mrs. Billie Joe Wilson.

Dr. Gaston Foote was a special guest.

Beta Theta Gives Halloween Party

Beta Theta members and their children gave a Halloween party for residents of the Holiday Lodge, October, 31.

The children were dressed in their favorite costumes and sang various Halloween songs.

Cookies and punch were served.

REGINA AND DAVID
... make wedding plans

Regina Gruben, David Branch Tell Engagement

Mrs. Christine Gordon of Rotan announce the engagement and approaching marriage of her daughter, Regina Gruben, to David Branch, son of Mr. and Mrs. Walter Branch, of Hamlin.

The bride-elect, a graduate of Hobbs High School attends Western Texas College at Snyder and is employed by T.G.&Y. of Snyder. She is the granddaughter of Mrs. Tom Mahaffey of Hamlin.

The prospective bridegroom is a 1970 graduate of Anson High School. He is attending Western Texas College, Snyder and is employed by Snyder Janitorial. The couple are planning a December wedding.

Two to Attend YHT Meeting

Mrs. Roy Pritchard and Mrs. Joe Wayne Carter will attend the Area Young Homemakers Executive Council meeting in Stephenville Saturday.

All Area YHT officers and the consultant from Austin, will meet to plan the years program of work.

Mrs. Pritchard is the area four president of the Young Homemakers of Texas.

Electric heat pumps both heat and cool, reports Sue Young, housing and home furnishings specialist with the Texas Agricultural Extension Service.

TIME NOW TO BAKE PEAR PIE

Apples may be the top favorite fall and winter pie fruit, but pear pie has a special delicacy of flavor well worth discovering. The best and easiest way to thicken the juices of these and other fruit pies is to toss the fruit with a mixture of sugar, corn starch and spice before piling it into the pastry.

For a colorful 8 x 11-inch laminated card with recipes for 9 fresh fruit pies and directions for thickening sauces and gravies, write to: Argo/Kingsford's Sampler, Dept. SST, Box 307, Coventry, CT 06238.

PEAR PIE

1 recipe double crust pastry
1/2 cup firmly packed dark brown sugar
3 tablespoons corn starch
1/2 teaspoon ginger
1/8 teaspoon salt
4 1/2 cups thinly sliced, pared, cored pears
1 tablespoon lemon juice
1 tablespoon margarine
Line 9-inch pie plate with one half pastry allowing 1-inch overhang. Mix together sugar, corn starch, ginger and salt. Toss with pears and lemon juice. Turn into pastry lined pie plate. Dot with margarine. Roll remaining pastry into 12-inch circle; make slits. Cover pie with pastry; seal and flute edge. Bake in 425°F oven 15 minutes. Reduce heat to 350°F and bake 40 minutes longer. Makes 1 (9-inch) pie.

FROM THE FILES ...

FIFTY YEARS AGO
(November 11, 1927)

It was the pleasure of the Herald editor to be present at the opening of the Hitson public school last Monday.

Although the Hitson community is only about six miles out from Hamlin and that school has had a nice modern brick building about two years, Monday was our first visit.

We found an unusual large number of parents present, most of the school board, a fine band of boys and girls and four good teachers. Professor Reeves and his wife who are here from East Texas to teach their first school in the West are assisted by Miss Letha Rowland of Hamlin and Miss Green who was a teacher at Dovie last term. This is Miss Rowland's third year at Hitson. Mr. Reeves is a teacher of very wide experience and he says he was attracted to West Texas Schools because of the reputation that Fisher County holds as a leading school county in Texas. Hitson is fortunate in getting such a man with his good wife to conduct their school.

It seems that something is stimulating the big companies to keep drilling this part of the country. The newest and most interesting well in the immediate section to Hamlin is the Young Well over the line a short ways in Fisher County.

Last week the driller, Mr. Sherman Gehrett, a man well known to many in Hamlin gave out some interesting information about the well. At that time they had gone down about 825 feet with a twelve and half inch casing. They had struck a good strong flow of fine water at 320 to 350 feet that was cased off. This water is reported as being extra good and may give grounds for a soft water supply for Hamlin in the future when it is needed.

TWENTY YEARS AGO
(November 7, 1957)

Already the wettest year since government records have been maintained at Hamlin, the year 1957 will probably be remembered as a year with greatest precipitation in the memory of old-timers of the territory.

Total rainfall through Tuesday recorded at the government gauge maintained by Bill Rountree at the city pump station was 27.57 inches. This was more than the yearly rainfall tabulated in 1949, wettest year previously, when moisture was recorded at 26.71 inches.

After last week's announcement by the Texas Highway Department of two vital highway projects in the Hamlin territory, word came from the Abilene district THD office over the weekend that still more projects are in the mill for the next two years.

Six projects in the section, with four of them vitally affecting the Hamlin community, are included in more than \$2,000,000 worth of road work in the Abilene area.

Railroad interests and others in West Texas are interested in two projects that are being currently pushed by several Texas organizations in cooperation with authorities in Old Mexico.

A two-purpose project of decorating vacant store windows and adding the Christmas spirit to the downtown section of Hamlin is being sponsored by the Woman's Forum. And cash awards will be offered for winners in the plan.

At a regular meeting on Tuesday of the Hamlin Woman's Forum it was voted for participating clubs to decorate vacant windows for the Christmas holidays. First prize of \$5 and second prize of \$2.50 are being offered.

The Forum will also sponsor Christmas decorations for homes in the residential area and offer prizes for first and second best.

Members of the Hamlin Business and Professional Women's Club are busy revising the mailing lists, addressing and stuffing envelopes for the November mailing of Christmas seals for the Jones County Tuberculosis Association.

TEN YEARS AGO
(November 9, 1967)

With heavy hearts but with a clear conscience the Marching Green Band returned from Odessa Saturday evening after having marched in the University Interscholastic League contests there. Though the band did their best on the field, they were just not able to add that extra sparkle that would have won them a First Division.

The Pied Pipers will be fighting for a share of the District 5-AA title here Friday night when they host the Stamford Bulldogs

who are undefeated in conference play. A Hamlin win would throw the race into a two or three way tie depending on the outcome of the Haskell-Colorado City game in Haskell.

NEWS AND VIEWS...

And What Have You

--Continued from Page One

One billion dollars ago was less than a day ago.

The budget of the United States for fiscal year 1978, Oct. 1, 1977, through Sept. 30, 1978, calls for spending \$463 billion — that's over one and a quarter billion dollars per day, seven days a week, 52 weeks a year.

As if that fantastic amount isn't enough to swallow, the budget provides that the federal government will collect only \$401 billion from taxpayers, meaning our government will have to borrow nearly \$62 billion to cover its spending in 1978. That additional \$62 billion will bring the total federal debt to well over \$750 billion.

We have all borrowed money from time to time. The need for credit is one we all face whether we represent ourselves, our companies or our government. But there seems to be a major difference between individuals and companies borrowing money and the government's philosophy on credit.

Individuals and corporations view borrowing as a temporary means of financial support. We may need to borrow money to finance new plants and equipment and to help cover the costs of inventories and receivables.

But this is not the case with the federal government. Congress seems to believe that the road to popularity and re-election is to say "yes" to every demand for every increase in existing programs and to agree to most demands for new projects with little or no concern for their cost. . . and many times their effectiveness.

Anyone who has tried to balance his own household budget knows that spending more money than you make can not be continued indefinitely. Decisions have to be made on what is really necessary and affordable. Some items we would like to have now just have to be put off until we have the money available. This doesn't seem to be the philosophy of our government.

For our sake and for the sake of our children and generations to come, we must insist that our President, Congressmen and Senators bring government spending in line with government income.

These elected representatives determine our taxes and how our tax money is spent. . . their decisions affect the economic situation in which we live. They are responsible to us, the taxpayers and voters and they need to hear our views. If they don't, it's just possible they'll continue taking us down the road to financial ruin.

Spend a few minutes writing your Congressman, Senator and President. Tell them you don't have enough money as it is and you don't want to give any more to your government. They'll listen. They work for you.

(Corrections should be given to Herald office, 576-3666)

Sometimes the desire to run out the door and chuck it all is overpowering when we are confronted with the mess of an after-dinner table!

Sometimes, insight lets us see that our lives are quite a mess too. In fact, things seem such a jumble, that our reaction to this truth, if acknowledged, is, "What's the use?"

Well, of course, the only thing to do with the dishes is to take them to the sink, put them in hot water, and wash them with a good cleansing agent until they shine.

Less obvious, perhaps, is what to do with a messed-up life. We invite you to seek an answer in church this week. You are sure to find there the Power who will help you with your problems, a power who cares immeasurably for your soul.

"Casting all your care upon him, for he careth for you." I Peter 5:7

"And the crooked shall be made straight, and the rough places plain." Isaiah 40:4b.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

FOR ELDERLY, HANDICAPPED—**State Taking Applications For Transportation Grants**

Applications for transportation grants for elderly and handicapped persons are again being taken according to State Department of Highways and Public Transportation officials. Capital improvements needs include the cost of bus replacement, fleet expansion and associated facilities.

Transportation grants were made available under Section 16B (2) of the Urban Mass Transportation Act of 1964.

"The purpose of the program is to furnish capital assistance to private non-profit organizations providing transportation to elderly and handicapped persons," officials said.

The grant is being made available on an 80-20 matching basis—80 percent from the Urban Mass Transportation Administration (UMTA) and 20 percent from the organization receiving the grant.

The program was first

funded in 1975 at which time forty-one organizations were funded in Texas. Presently, thirty-seven grant applications submitted under the 1976 program are under review.

Private non-profit organizations interested in the program may obtain application packets at their Regional Councils of Government, the City of Abilene or the State Department of Highways and Public Transportation District Office.

DECA Carnival To Become Annual Event

The Halloween Carnival sponsored by the Hamlin Distributive Education Clubs of America Chapter was a tremendous success, according to Carlton Taylor, DECA sponsor. The DECA Chapter extends its thanks to the entire community for helping to support the Carnival. Because it was such a success, the Halloween Carnival will be an annual project of DECA in the future.

Two door prizes were given at the Carnival. A Winchester 20-gauge pump shotgun, donated by Joe Hudspeth's Tire & Appliance, was won by Carl Wade. A water cooler, donated by Arrow Supply, was won by Don F. Hall. In addition, Vonda Lisa Archer won a \$5.00 prize for guessing closest to the number of beans in a gallon jar.

Visiting with the Raleigh Reynolds family over the Homecoming weekend were Mr. and Mrs. Larry Reynolds and Mr. and Mrs. Gordon Reynolds, all of Austin; E. L. Smith of Houston, E. E. (Bud) Smith of Brownwood and Mrs. Freeda Burket of Burkett.

Rep. Martin Meets With Joint House Committee

Rep. Elmer Martin traveled to Austin last week for a planning meeting of the Joint House Committee assigned to study pay scales, health problems, educational opportunities and housing conditions encountered by migrant farm workers.

During the interim, the committee will hold several hearings across the state to study the problems faced by migrant farm workers and make recommendations to the 66th Legislature.

"I am working to schedule a public hearing here in West Texas," Martin said. "Our first public hearing is tentatively set for December in the Lower Rio Grande Valley," he concluded.

Martin also attended a meeting of the full House

Governor Names County Farmers To Committee

Austin—Ten agriculture leaders from Jones County have been appointed by Governor Dolph Briscoe to serve on the Governor's Committee to Make Texas Agriculture No. 1 in Income and Profit.

Committees are being established in every Texas County as part of the statewide effort "to strengthen the economic position of agriculture—our most vital industry," Governor Briscoe said.

The County committees have the responsibility of promoting cooperation and mutual support among agencies, organizations and groups involved in agriculture and agribusiness.

Committee members from the County include: H. L. Ford, Hamlin; Jim Lee Baucum, Anson; Cliff Cob, Stamford; Sam Ferguson, Hamlin; Leon Kelso, Merkel; Douglas Bagley, Hawley; Doyle Newcomb, Hawley; Bill Phifer, Hawley; Woodrow Bagley, Anson; and Charles Stenholm, Stamford.

Agriculture and Livestock Committee in Temple. The committee met with Texas farmers and ranchers to discuss the problems they are experiencing in farm production and price.

Representing Texas farmers and ranchers at the hearing were Carrol Chaloupka of the Texas Farm Bureau, Rob Butler of the Texas Farmer's Union and Cash Cunningham of the Texas Independent Cattleman's Association.

"The farmer must make a profit from his produce if we expect him to stay on the farm and maintain agriculture as a growing industry," Martin stated.

During the meeting, discussion also centered around asking the federal government to open more world markets for Texas produce, developing a long-range plan for the agricultural industry and seeking alternatives to equalize property taxes.

Martin is hopeful that testimony and recommendations from these public hearings will be compiled and forwarded to officials in Washington for study and action.

Miss Williams Named to Who's Who At H-SU

Abilene—Mignon Williams, daughter of Mr. and Mrs. Jackie Williams of Hamlin, is one of 31 students named to Who's Who Among Students in American Universities and Colleges this fall at Hardin-Simmons University.

Miss Williams, senior physical education major, was chosen on the basis of academic achievements, service to the community and leadership in extracurricular activities.

Nominations for Who's Who were made by a special committee composed of H-SU faculty, administrators, and students.

Cotton Module Building Demonstration At Vernon

Vernon—Cotton producers and ginners in the Rolling Plains and North Central Texas will get a firsthand look at how cotton modules are constructed and handled during a special demonstration and field day at the Wilbarger County Memorial Auditorium here Thursday, Nov. 17.

A program explaining the concepts and techniques of storing cotton in modules in the field and at gin yards will kick off the field day at 9 a.m., announces Dr. Calvin Parnell, cotton ginning and mechanization specialist with the Texas Agricultural Extension Service.

Topics of discussion will include proper methods of module building, cost of module building equipment, preserving cotton lint and

seed quality, and effects of proper defoliation and cultural practices on storing seed cotton.

The program will also feature a panel of producers and ginners who will comment on the potential of using a module building system in the Rolling Plains and North Central Texas.

Following a luncheon sponsored by several equipment companies, the entire cotton module building concept will be demonstrated, to include new dump trailers, the module transporter truck and module builder. More than \$200,000 worth of module building and module moving equipment will be on display.

Crowell Downs Pipers, 18-6

The Crowell Wildcats scored in each of the first three quarters Friday night to defeat the Pipers, 18-6. Playing at Crowell, the Pipers scored their lone touchdown in the final period.

The Piper touchdown came on a 77-yard drive with Todd Marshall passing to Frank Lane for the final 11 yards. The big play in the drive was a 31-yard scamper by Mike Hymer that put the Pipers on the Wildcat 11.

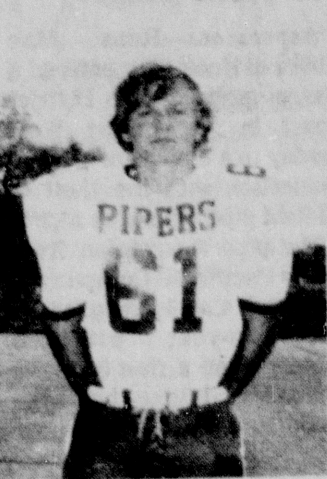

Hymer was the leading ball carrier for the Pipers with 81 yards in 21 trips, but the Wildcats' C. B. Sparkman took the rushing honors for the night. He carried 23 times for 203 yards and scored all three of Crowell's touchdowns.

Most of the first period was played in Piper territory. The Pipers failed to move the ball following the opening kickoff and punted out to their own 48. The Wildcats moved to Hamlin 16 before the Piper defense stopped them. After the Pipers punted out to their own 38, the Wildcats threatened again but were stopped on the Hamlin 20.

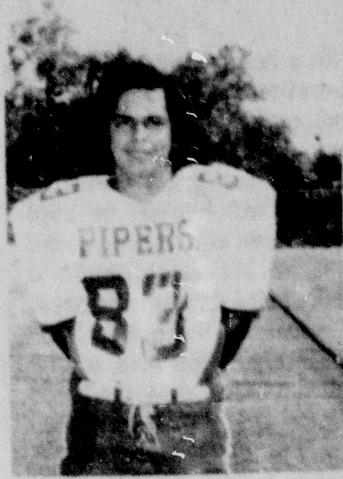

A short punt by the Pipers gave the Wildcats the ball again on the Hamlin 27 and Sparkman scored on the first play with 4:46 left in the quarter. The kick was no good.

Following the kickoff, the Pipers moved out to mid-field before punting to the Wildcat 15. Crowell moved the ball back out to mid-field before they were forced to punt to the Hamlin 23.

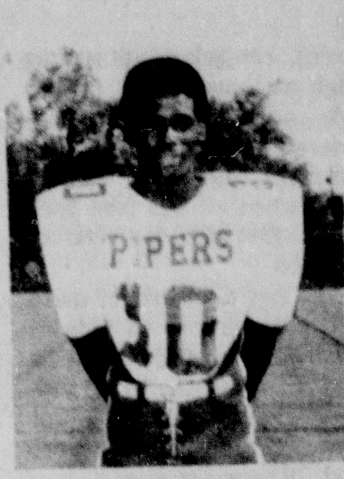

The Pipers fumbled three plays later with Crowell recovering on the Hamlin 16. After four plays the Pipers took over again on their own 10, but failed to make a first and punted out to their own 30. Crowell gained a first down at the 19 and then three plays later Sparkman scored

again from the 18. With 4:44 left in the half, the kick was no good and the Wildcats led, 12-0.

The Pipers put together their first drive of the night following the kickoff, moving from their own 28 to the Wildcat 30. But Marshall, who completed passes of 18 and 8 yards to Lane in the drive, was dropped for a 13-yard loss back at the 43.

The Wildcats moved down to the Hamlin 19 before giving up the ball again with the Pipers running two plays as the half ended.

Neither team could move the ball during most of the third period and exchanged punts twice. But on the third Wildcat punt, the Pipers mishandled the ball with Crowell recovering on the Hamlin 20. Mark Christopher carried to the Hamlin one and then three plays later Sparkman scored his final touchdown with 1:38 left in the quarter. The kick was no good again.

Following the kickoff, the Pipers moved out to mid-field before punting again with Crowell taking over on their own 22. They moved down to the Hamlin 23 before giving up the ball on downs.

Marshall passed to John

Barrera for 13 yards and to Tommy Maberry for 15. Hymer carried for seven yards and then two plays later broke loose for 31 yards to the Wildcat 11. After two incomplete passes, Hymer was stopped for no gain and then on fourth down Marshall passed to Lane for the score. The ball was tipped into the air by a Crowell defender with Lane catching it near the back inbounds stripe. Hymer tried for two points but was stopped short with 4:06 left in the game.

The Pipers recovered an on-side kick at the Wildcat 48, but two plays later Crowell intercepted a Marshall pass

to kill the Pipers' chance for another score. The Wildcats moved to the Hamlin seven-yard line before losing a fumble back on the Hamlin 20 with 14 seconds left on the clock. The Pipers got off three plays before the game ended.

Home Laundry Equipment Repair Class Scheduled

Sweetwater—A Continuing Education class in home laundry equipment repair has been scheduled on the Rolling Plains Campus of Texas State Technical Institute (TSTI).

The course covers operation and repair of electrical circuits, controls, timers, heaters, motors, and solenoid valves and switches of washers and dryers. The disassembly and reassembly of home laundry equipment also is studied.

Sixty hours in length, the class will be held on 10 Saturdays, from 8 a.m. to 3 p.m. The organizational meeting will begin at 8 a.m. Saturday, Nov. 5. Classes will be taught by John Griffith, an instructor of air conditioning and refrigeration mechanics at TSTI.

Tuition will be \$45. Information about the course is available by calling 235-8441, extension 40 or 41.

LARGE CROWD ON HAND—A large crowd was on hand Sunday for the Annual Turkey Shoot sponsored by the Hamlin Volunteer Fire Department. The shoot was held at the Hamlin Gun Club range at West Lake. Proceeds from the event will be used to buy equipment for the department. In the upper picture contestants are taking part in the trap shoot while in the lower picture are some taking part in the rifle shoot.

Hornets Fall to Rotan, 22-7

Aspermont—The Hornets lost a 22-7 District 7-A contest to the Rotan Yellowhammers Friday in a game played at Rotan. The Yellowhammers are now 4-5 and the Hornets 1-8 for the season.

After trailing by nine points, the Hornets pulled within two in the second quarter before Rotan scored again to lead at halftime, 15-7.

Mark Henderson kicked a 16-yard field goal to open the Yellowhammer scoring with 6:15 left in the first period. Rotan's Robert Morales scored from the one with 2:40 left in the first quarter.

James Johnson scored the Hornet touchdown from the one with 4:22 left in the half. Milton Laury kicked the point after to put the Hornets within two points of the Yellowhammers.

But with 28 seconds left in the half, David Posey threw a 43-yard pass to Hendsen for the second Rotan touchdown. The kick failed.

Neither team got on the board during the third period. During the final period, Byron Weathersbee ran five yards for the final Rotan touchdown with 10 minutes

left in the game. Henderson kicked the point after.

SCS Technicians Offer Advice On Control of 'Critical Areas'

Nearly every farm or ranch has at least one "gullied" or eroded area that has been an eyesore for years. Every rain washes more soil away. The head cut, or active upper portion of the gully, moves from a few inches to several feet during each rainstorm. This eroded area is considered by Soil Conservation Service technicians to be a "critical area".

The term "critical area" is used to describe a badly eroded, heavily damaged, possibly brush infested area that is unfit for any profitable use. It may be endangering other valuable land such as cropland or pastureland. Because it cannot be crossed with farm equipment, management is impossible.

Treatment of critical areas has run almost as rampant as the eroded areas themselves. On after ton of trash, tires and brush are dumped alongside old car bodies in an attempt to stop gullies. Sometimes this works. Most of the time the trash ends up in gullies downstream from the gully overfall.

Almost all critical areas can be controlled. In some

cases, control could run as high as thousands of dollars per acre. Although considered unfeasible in today's economy, there may come a time when we will look back with regret at an irreversible process.

The key to control of these critical areas is maintenance. A producer must be able to cross the area with farm equipment to plant grass, fertilize, shred weeds and fill small washes.

Most critical areas must be shaped with heavy equipment such as a bulldozer. Brush is usually removed first by blading it off at ground level. The brush is raked and piled for burning. Next the sides of the gully are pushed off and shaped to no steeper than a 6:1 slope (6 feet horizontal to 1 foot vertical). This is similar to the side slopes of a new terrace. It can be crossed with farm equipment in any direction.

After the area is shaped, it is best to rootplow to remove roots and stumps. The stumps are raked and piled for burning.

The final heavy machinery operation is to disc the area

with a heavy disc plow. This operation smooths the area and makes it possible for farm equipment to prepare a seedbed for grass planting.

Close watch must be kept on the area until a good stand of grass is established. If heavy rains damage the area, it must be repaired immediately. Otherwise, a new gully could develop and destroy the entire operation.

Cost to shape or prepare a critical area varies from \$100 to \$200 or more per acre treated. Seedbed preparation, seeding operation and seed are additional expenses. However, the once worthless land can now become valuable grazing land. Also, an active gully will have been stopped that may have endangered other cropland or pastureland.

Soil Conservation Service technicians have assisted producers in reclaiming hundreds of acres of eroded land. Farmers and ranchers that have critically eroded areas are urged to call or come by the local SCS office.

Knox City Man Sentenced for Oil Field Theft

Aspermont—Ross Mac Oliver of Knox City entered a plea of guilty in 39th District Court in Aspermont Wednesday to a charge of theft in connection with the theft of oil field pipe valued at \$6,282.

The pipe was stolen from Texas Pacific Oil Company in Stonewall County Aug. 15.

A two-year probated sentence and a fine of \$3,000 was assessed Oliver by Judge W. P. Ratliff.

A.R. Sawyers Sell Ranch

Old Glory—Mr. and Mrs. A. R. Sawyers closed the sale of their ranch last week. The ranch headquarters is nine miles north of Old Glory. The 4270 acre spread was bought by Richard Horton of Fort Worth. Don Allison of Abilene sold the ranch for the Sawyers family and will manage the operation for Horton.

The Sawyers will continue to make their home in Old Glory. The Hortons plan on building a new home on the ranch sometime during the coming year.

REMAINING YOUNG

Growing old. Many people

fear it, but we all do it.

It is a fact of life that need not inspire terror if it is looked at in the right way. Growing old is best accepted as a way of the world. Age brings new wisdom, experiences not possible in days of youth.

The wrong attitude—the one that causes fear and unhappiness—is to lament how great life would be if we could live a long time without having to grow old! If we could afford to continue enjoying all of the things we like, and with the passage of time to keep adding to that list!

To have the maturity and wisdom that come with time and experience could make life fun and fascinating. It seems that when we were young, there was always too little time. Now that we are no longer young, there is too much spare time.

The grass withers, the flowers fade, but the breath of the Lord still blows upon them, the word of God endures forever.

When it comes right down to it, God is the only joy left to our world that is itself growing old.

The one skill in life everyone needs.

Whether it's a bachelor pad on San Francisco's Hyde Street, a ranch in Scottsdale, a home in Connecticut or a converted barn, it's home. Home to someone.

And that someone is a homemaker.

Sooner or later everyone is a homemaker and needs the skills of successfully managing his or her life.

Homemaking is learning how to maintain a family budget, how to protect one's family and home, how to deal with the outside world, how to establish goals within a family and achieve them, how to create a happy home.

Traditionally, the homemaker's role has been thought of as the woman's role. In fact, the stereotype of the woman tied to her apron strings and slaving over a hot stove all day has been with us far too long.

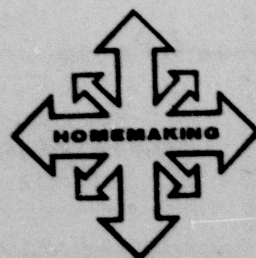

That's changing now. Changing for the better.

More and more family members are assuming their equal roles as homemakers. Sharing in the home responsibilities, in the care and guidance of children, in the establishment of values in the home.

And even where there is just a single person involved, there is still the need for a homemaker's skills.

It's the one thing in life everyone needs to know. How to manage your future.

This message about homemaking is brought to you as a public service by Future Homemakers of America and this publication. For more information, contact your local homemaking teacher.

Work Underway On County History Book

Aspermont—The Stonewall County Historical Commission is in the process of laying the foundation for a History of Stonewall County. Buddy McNutt, a representative of the commission, will present a program to the Lions Club next Wednesday on the organization's plans for the history. He will tell the club what has been done to date and what they plan to do in the future in compiling the history.

McNutt said that any other club or organization that would like to have more information about this book may contact him for a date for a program.

As the history progresses, there will be field representatives throughout the county to help anyone in preparing a contribution of their family history or any other item of historical interest, he said.

Other representatives on the commission are Margie Lott, Bonnie McDowell, Susie Flowers, James Martin, Margaret Poore, June Clark, Afton Martin and Elmer Ward.

Clint Cook To Speak At National FFA

Aspermont—Clint Cook, a senior in Aspermont High School, is in Kansas City, Mo., this week where he is a special guest at the 50th National Future Farmers of America Convention.

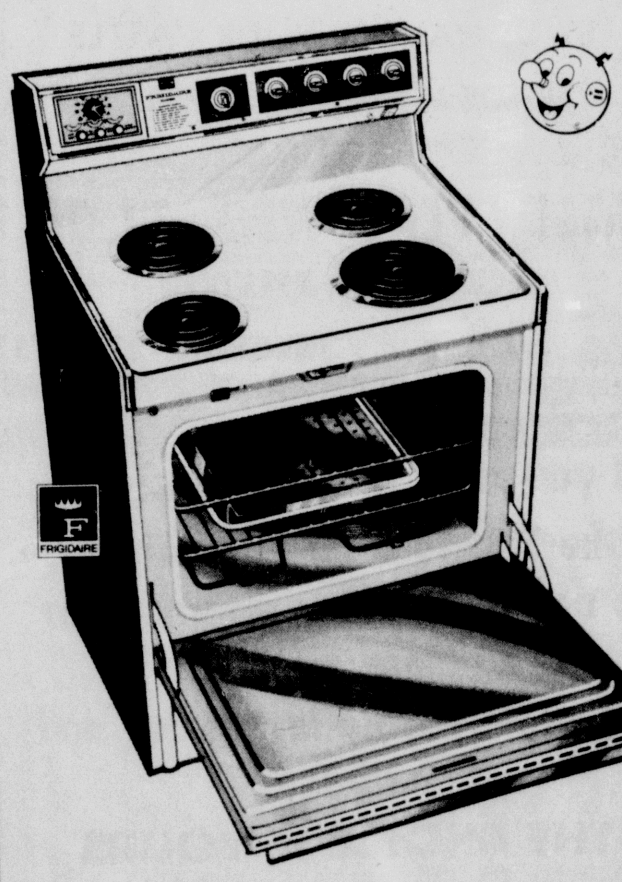

As president of the National Rural Electric Cooperatives Association Youth Consulting Board, Cook will bring greetings on behalf of his organization to those in attendance at the convention this morning (Thursday).

About 20,000 FFA members and guests are expected to attend the four day meeting which opened Tuesday.

Cook will also officially represent the Aspermont FFA Chapter at the Convention.

He is the 17-year-old son of Mr. and Mrs. B. G. Cook of Aspermont.

Political Announcements

The Hamlin Herald and the Aspermont Star is authorized to announce the following candidates subject to the Democratic primary on May 5, 1978:

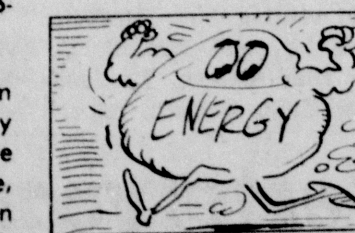

FOR CONGRESSMAN, 17th DISTRICT
A. L. (Dusty) RHODES

CHARLES STENHOLM

FOR STATE SENATE, 30th DISTRICT:
RAY FARABEE

It took astronauts about three days to get to the moon; at that rate, it would take 878,000 years to reach the closest star, Proxima Centauri.

Letter to Editor

Dear Editor:
As a long time citizen of Hamlin, I felt obligated to write this letter to you to point out a very serious defect in our Municipal Government.

On October 23, 1977, I received a telephone call from the local police station requesting that I come down and visit with Chief Wheat. I did as requested, and was immediately placed on "the dock" as a criminal defendant. I was told that I had been involved in an accident with two ladies from Rotan, and that I had damaged their car. I was requested to turn my license over to Chief Wheat and when I refused he threatened to put me in jail. Later, it was discovered that not only did Chief Wheat have no witnesses to the accident, but the two ladies from Rotan did not as well. In addition, there were no dents, marks, or paint smudges upon my car to substantiate Chief Wheat's claims.

Chief Wheat tried and convicted me without the benefit of a judge, jury or an attorney. In the United States the people are guaranteed certain rights, one of which is that an individual is innocent until proven guilty beyond a reasonable doubt. However, without proof, based upon the unsworn testimony of two women who were not residents of Hamlin, Chief Wheat tried and convicted me.

Later all charges were dropped, due to the fact that

not only was there a lack of proof—there was none. Chief Wheat's exploits are well known throughout this area, and his Gestapo tactics have resulted in as many dismissals as convictions. As a tax-paying citizen, I feel it is my duty to inform the public of the true lack of integrity and objectiveness now ensconced within our local police force. His attitude and actions were inexcusable, and he should be reprimanded not only for his attitude and actions, but also for his lack of objectivity and generally poor law enforcement work.

Thank you for your time and consideration.
Very truly yours,
Mary Kitchen

Crop and Livestock Reports Are Needed

From mid-November to early January, thousands of Texas farmers and ranchers will receive a crop or livestock questionnaire from the Texas Crop and Livestock Reporting Service or will be personally interviewed by the Service's field staff.

The information gathered through the questionnaires and interviews provides the basis for determining the final acreage, yield and production of crops and end-of-the-year livestock and poultry numbers for the State of Texas and for each county.

Reliable information on what is produced, how much, and where is important to farmers, ranchers, and others in making production and marketing decisions and in providing an unbiased picture of Texas agriculture. It is also the basis for determining allotment and payment levels to producers by USDA under the various commodity programs.

Cooperation by producers is the key to all crop and livestock estimates. Farmers and ranchers have recognized the need for accurate and timely statistics

by participation in the program since its start over a century ago. All individual farm and ranch information is kept confidential, and only state and county summaries become part of the final published estimate. This is a cooperative effort of the USDA's Statistical Reporting Service and the Texas Department of Agriculture.

County statistics for 1976 and January 1, 1977, are available on Livestock, Poultry, Dairy, Field Crops, Small Grains, Cotton, Vegetables, Fruits and Pecans, and Cash Receipts from the Sale of Texas Farm Commodities. Bulletins can be obtained from the Texas Crop and Livestock Reporting Service, P. O. Box 70, Austin, Texas 78767, or by writing Reagan V. Brown, Commissioner of Agriculture, P. O. Box 12847, Capitol Station, Austin, Texas 78711.

Neinda Philosopher Wonders How People Who Cut Down On TV Watching Now Spend Their Time

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One examines TV-watching this week, more or less.

Dear editor: People who think everybody — not just kids but everybody — is watching too much television these days have been greatly encouraged by the latest figures

on the size of the audience the tube is now attracting. According to a survey just released, since March of this year both day and night TV viewing has dropped 3.4 per cent per month. The anti-TV people are elated.

This got me to thinking. What are the people who've cut down on their TV viewing now doing with their time? Has it improved them any? I can't tell any difference.

I know they say it's more ennobling at the close of day to watch a sunset than Walter Cronkite, but while there's been no survey made, I doubt if sunset watching has gone up as TV watching has come down. Furthermore, if some more are watching sunsets, despite the fact it may lead to nothing more than bad poetry, is it any less irksome to have the view interrupted by an incoming jet than it is

to have Walter Cronkite interrupted by a commercial for false teeth? Not to mention some of the more outrageous ads.

On the other hand, it may be that TV watching has come down because lots of sets have blown a tube and the owners are saving their money to apply on their utility bills.

Still other people say TV watching has come down

because the programs have gotten worse. I doubt it. Programs already were as bad as they could get. It's said that TV producers design shows to appeal to the minds of 12-year-olds. This is wrong. TV shows are produced by people with 12-year-old minds.

Finally, other anti-TV people say cutting down on TV watching gives us a chance to enjoy the pleasures

of the lost art of conversation.

I have listened to some of that conversation. Turn on the set. Let's see what's on tonight.

Yours faithfully,
J.A.
